### **Optimizing Your Website for the Best Results**

The more visitors that you can get to your website, the more money you can potentially make. Whilst it is important that your online content appeals to your human readers, it's also essential that it impresses the search engines. In the next part of this guide we will look at optimizing your website and its content for the best chances of high rankings and free targeted traffic.

### **Getting TARGETED Traffic**

It's true that the more visitors that you can get to your website the better chance you will have of making a regular income. However, lots of visitors that have no interest in your content is simply a waste of time. What is essential for the success of your online business is targeted traffic. By getting the right sort of people to your website, offers and affiliate links you will stand a far greater chance of making money online.

In the following article we look at getting targeted website traffic to your website.
